AUTHOR

"Through it all, Artisha has been there during my birthing process. We completed an assessment to see exactly where I was, my style of learning, a characteristic report if you will. When I read my results, I was very excited but surprised that a quiz can tell on me! I said, "Now that all this has come to light, I have to roll my sleeves up and do the work." Thank you Coach Tee for pushing me!"

JUANITA GRANT

CO-AUTHOR OF GAME CHANGER LIFE ANTHOLOGY

"Coach Tee is truly the Mindset Midwife. I had in my heart to write a book but was very nervous about the process. Sometimes I wanted to give up but she gave me encouraging words and coached me all the way through. If you are looking for a Coach, you have found the one right here. Tee gets results."
